MEDROVER™ TOP TEN REASONS YOU WANT MEDROVER AT YOUR HOSPITAL

- 1** Reduces the miles nurses walk between stationary medication cabinets and their patients' rooms.
- 2** Supports your meaningful use efforts by working with existing bedside scanning software or providing important medication verification.
- 3** Provides visibility into medication administration events across your hospital through a powerful reporting engine.
- 4** Reduces mistakes during medication administration by electronically delivering containers for each individual patient.
- 5** Navigates patient rooms, crowded with cords, equipment and visiting friends and family.
- 6** Safely stores medications with triple-lock security and biometric authentication.
- 7** Runs longer than most workstations on wheels, powered by a long-lasting lithium polymer battery.
- 8** Stores narcotics without the need for costly vaults.*
- 9** Presents tasks with intuitive graphics and a touch-screen interface.
- 10** Offers a more cost-effective way to store medications by reducing stationary cabinet capacity needs.
