Swisslog Releases Brochure for the Healthcare Automatic Guided Vehicle (AGV) System

Denver, CO – Swisslog, a leading provider of automated material transport solutions for hospitals, released the Automatic Guided Vehicle (AGV) system brochure highlighting TransCar vehicles that provide automated bulk item transport in hospitals.

[AGV systems](#) reduce manual labor in the transport of routine and on-demand bulk materials in healthcare facilities—such as the delivery of clean/soiled linens, food trays, trash, supplies, mail and much more. The TransCar vehicles are designed with exceptional safety features offering intelligent human and obstacle interaction.

To receive a copy of the new Automatic Guided Vehicle brochure, contact Healthcare Solutions at 1-800-764-0300 or email healthcare@swisslog.com.

About Swisslog

Swisslog is a global provider of integrated logistics solutions for warehouses, distribution centers, and hospitals. Its comprehensive services portfolio ranges from building complex warehouses and distribution centers to implementing Swisslog's own software.
