Swisslog Releases Brochure for the PillPicker Barcode Unit Dose Packaging Component

Denver, CO – Swisslog, a leading provider of automated material transport solutions for hospitals, released a brochure on the PillPicker barcode unit dose packaging component of the PillPick system.

The [PillPicker](#) packages bulk pharmaceutical products into sealed unit dose bags and labels them with a barcode, unique serial number, drug information and more—ready for automated dispensing and bedside point of care. PillPicker is available as a stand-alone component, as well as integrated into Swisslog's total pharmacy automation system, PillPick.

To receive a copy of the new PillPicker brochure, contact Healthcare Solutions at 1-800-764-0300 or email healthcare@swisslog.com.

About Swisslog

Swisslog is a global provider of integrated logistics solutions for warehouses, distribution centers, and hospitals. Its comprehensive services portfolio ranges from building complex warehouses and distribution centers to implementing Swisslog's own software.
