New Access Door from Swisslog Provides Quantum Pneumatic Tube Systems with Added Material Transport Protection.

Denver, CO – Swisslog, a leading provider of automated material transport solutions for hospitals, introduces the Quantum Station Access Door—providing controlled access to the interior of Quantum recessed stations.

[Quantum Station Access Doors](#) are ideal for stations located in public areas by providing added safety and security using an electro-magnetic lock. The door only allows authorized users entering a valid PIN on the keypad to gain access to the interior of the station bin.

To receive a copy of the Station Access Door for Quantum Stations brochure, contact Healthcare Solutions at 1-800-764-0300 or email healthcare@swisslog.com.

About Swisslog

Swisslog is a global provider of integrated logistics solutions for warehouses, distribution centers, and hospitals.
