Swisslog Announces Newest Members of Pharmacy Automation Sales Team

Denver, CO. – Swisslog, a leader in hospital pharmacy automation, is proud to announce the addition of two members to the Automated Drug Management Systems (ADMS) sales team, Lani Dvorak and Scott Johnson. Both come from strong pharmaceutical backgrounds and will manage regions throughout the United States. They will be meeting their new clients at the ASHP Midyear Show in Las Vegas.

Lani Dvorak will be working with hospitals in the Midwestern region as the Regional Sales Manager. Dvorak obtained her degree in Pharmacy from the University of Wisconsin and is a registered clinical pharmacist. Prior to joining Swisslog, she worked for PharmEcology Services in brand management, sales and marketing strategy development. Most recently, she served as the Business Development Manager. While at PharmEcology, Dvorak established new relationships with health systems and worked closely with hospital group purchasing organizations (GPOs).

Scott Johnson has been in the medical capital equipment business for over 20 years. His experience in engineering as well as hospital sales makes him a strong new asset. A veteran of the U.S. Navy, he obtained his electrical engineering degree from San Diego State University.

swisslog

Before joining Swisslog as the Southeast Regional Manager, Johnson worked for Philips Healthcare and most recently for Toshiba America Medical Systems.

Both Dvorak and Johnson will be attending the American Society of Health-System Pharmacists Annual Midyear Show in Las Vegas from December 7-9, 2009 at booth 3224. They are both great additions to the Swisslog Automated Drug Management Systems business unit of Swisslog.

About Swisslog

Swisslog is a global provider of integrated logistics solutions for warehouses, distribution centers and hospitals. Its comprehensive services portfolio ranges from building complex warehouses and distribution centers to implementing Swisslog's own software to intra-company logistics solutions for hospitals.

Swisslog's solutions optimize customers' production, logistics and distribution processes in order to increase flexibility, responsiveness and quality of service while minimizing logistics costs. With years of experience in the development and implementation of integrated logistics solutions, Swisslog provides the expertise that customers in more than 50 countries around the world rely on.

Headquartered in Buchs/Aarau, Switzerland, Swisslog currently employs over 2 000 staff in about 20 countries worldwide. The group's parent company, Swisslog Holding AG, is listed on the SIX Swiss Exchange (security number: 1232462, Telekurs: SLOG, Reuters: SLOG.S). For more information, visit www.swisslog.com
