Swisslog Proud to Partner with “America’s Best Hospitals”

Denver, CO. – Swisslog is pleased to recognize the 21 hospitals acknowledged as ‘America’s Best Hospitals,’ by *U.S. News and World Report* in its 2009-10 Honor Roll ranking. [Swisslog](#), a leading provider of pneumatic tube systems and pharmacy automation solutions for the healthcare industry, is proud to have installations at 20 of the 21 hospitals ranked in the Honor Roll by the report.

According to the annual study, data from 4,861 hospitals and medical centers was under consideration to produce the list of 16 specialty rankings. Out of the initial hospitals under consideration, only 174 were ranked even once in the 16 specialties. Hospitals were scored on numerous factors including reputation, death rate, patient safety and care related factors including nursing and after treatment care. To qualify for the Honor Roll list, hospitals had to earn high scores in at least six specialties.

Hospitals benefit from Swisslog’s TransLogic [pneumatic tube systems](#), [TransCar](#) automatic guided vehicle systems and pharmacy automation solutions including [PillPick](#) and [BoxPicker](#). Each of the Swisslog healthcare solutions are designed to increase hospital efficiency and patient safety. To read the complete *U.S. News and World Report* article, visit www.health.usnews.com.
