Press release

Virginia based Swisslog Logistics Automation achieves OSHA SHARP Status

March 12, 2019, Newport News, VA – Swisslog Logistics Automation, leading provider of future-ready warehouse automation and software, has achieved SHARP worksite status in the Virginia Safety and Health Achievement Program (SHARP).

Swisslog is now part of an elite group of businesses that maintain exemplary safety and health programs. SHARP is eligible to businesses with 250 or fewer onsite employees and fewer than 500 corporate-wide employees. Swisslog is the second company achieving this milestone in 2019. In addition, the company will be serving as a mentor, consulting with other companies in the state who wish to someday earn this achievement.

Said Markus Schmidt, President of Swisslog Logistics Automation Americas, “Our team works hard to ensure a safe, healthy and inspiring work environment. I am proud of our innovative safety and health programs that have become so rooted in our culture. Most importantly, we want to continue to deliver the best working environment, so we can maintain our valuable employees while attracting others to our booming industry.”
